

FROM THE SCHOOL,

Sports Achievements: This week has been busy with sports activities as our students showcased their talents in various events. We're proud to announce the participation of our students in Rugby League trials, Netball trials, and AFL games. Notably, Billy excelled at the Western Region League trials in Parkes, while Indie, Ivy, Abigail, and Khloe represented us admirably at the Lower Lachlan Netball trials in West Wyalong. Today, Blake has joined forces with Ungarie to compete in the MIA Cup for AFL. Congratulations to all these students for their outstanding representation of our school!

Upcoming Events:

- Tomorrow, our students from Years 4 to 8 will be treated to an exciting performance Tempo by the Fruit Fly Circus at the Griffith Regional Theatre. Additionally, Miss Foy will be leading the Bright Girls program for girls in Years 5 to 8.
- This Friday marks the end of the term with K- 6 attending a special visiting school performance called "Let The Music Move You" at the Community Hall.

Educational Opportunities: Yesterday, students from Years 10 and 11 had the valuable opportunity to attend the Evolution Mine Open Day. They spent the day exploring various career opportunities, gaining valuable insights into their future pathways.

Important Reminders: A reminder to all students and families that ANZAC Day will be observed in the second week of the holidays. We encourage all students to participate in the town march, meeting at the Community Hall at 8:40am in full school uniform.

Best Wishes for Competitions: Sending our best wishes to Veritty, Orabelle, Ivy and Alice who are off to the NSW PSSA State Swimming Championships on Friday at Homebush. The girls are competing in the Peter Dobson Relay. We'll be cheering you on from home and eagerly awaiting your achievements!

Thank you to all students, staff, and families for their continued support and participation in school activities. Wishing everyone a wonderful end to the term and a restful holiday break.

SECONDARY SCIENCE

The Science lab has had a busy start to the year with both stages enjoying different practical tasks and experiments. Congratulations to Year 7 students Sophia and Jackson who successfully gained their Bunsen Burner License. Year 7/8 have been working on lab safety, equipment in the lab and experimental design and setup. Year 10 students have been studying evolution and natural selection, and the work of Charles Darwin.

FUN AND GAMES

Easter HAT PARADE

Students made and paraded their Easter Hats. There were lots of wonderful creative designs.

HARMONY DAY

Celebrations

TCS celebrated Harmony Day. Students worked in groups and cooked foods from different cultures. Then we came together and shared this food for morning tea. It was great to see the students working together and trying new things.

Agriculture

In week 4, Ag students toured a local cotton farm 'Wardry', on the Lachlan River. Students enjoyed a morning of sweep netting to identify good and bad bugs in the cotton, a discussion on the physiology of the cotton crop and an insight in to fruit mapping and yield prediction.

Thank you to Emma Ayliffe for sharing her invaluable knowledge and enthusiasm for cotton growing. Students are looking forward to returning to the cotton field for harvest.

4 – 6 Art

We have had fun creating art pieces to display in our room, including newspaper art, personal collages and colourful sporting silhouettes.

4 – 6 Literacy Group

Our literacy group have enjoyed acting out a play called Hot Gossip. This play begins in the early morning where 5 wheelie bins are lined up at the kerb and have just been emptied. There is a gap in their line..... Where is bin number 4?

The students have all enjoyed the process and gained confidence using voice and movement to express their character. They have been reflective of their choices and made changes along the way.

K-2 Music with Mrs Mason

In Music Years K-2 learnt “The Rattlin’ Bog”, singing the lyrics and learning dance steps for their performance at the Easter Assembly. They also discussed the instruments that might have been used by the Wiggles in their video, and Mrs Mason brought a mandolin (and a ukulele) to try out in class.

NSW Department of Education

Applying for my child to attend an opportunity class or selective high school

Why selective education?

Grouping high potential and gifted students together and using special teaching methods supports their:

- academic development
- emotional wellbeing
- friendships and social life.

Students tell us that they enjoy learning more when their classmates have similar abilities and interests.

Is it right for my child?

Here are some signs that your child may benefit from selective education.

learns quickly and easily

goal-driven

asks complex questions

good memory

curious and creative

deeply explores passions

Keep in mind, some children's high potential may be hidden. Being in an opportunity class or selective high school could help.

How can I support my child through the application process?

Talk to your child about the **benefits** and **challenges** of selective education and address their questions and concerns.

Ask your **child's teacher** (or other staff who know them well) whether they think selective education will suit your child.

Apply for any required **reasonable adjustments** for disability or medical conditions.

Encourage your child to use the department's **free resources** to prepare for the test.

Remind your child they only need to do a **small amount** of **preparation** for the placement test, and **don't** need coaching.

Support your child to continue **co-curricular activities**, see friends, eat healthily and sleep well in the lead-up to the test.

The **Equity Placement Model** reserves up to **20% of places** in opportunity classes and selective high schools for high potential and gifted:

- students from low socio-educational advantage backgrounds
- Aboriginal and/or Torres Strait Islander students
- students from rural and remote locations
- students with disability
